

## The Solution to Gum Pollution

Cleaning up gum is a sticky business...

...at **GumBusters**, it is our job! GumBusters' patented gum removal system will help you eliminate chewing gum pollution. The result: a spotless image – **fast**.

After being used in Europe for a decade, we can now remove gum from virtually any surface – indoors or out – throughout America. It seems like magic, but it's research. Get out of a sticky situation and get back on the road with a gum-free vehicle.

- Disintegrates gum from floors, pavement and seating material
- Cleans interior trim and paneling
- Easily removes stickers and decals
- Reaches any spot on the bus without moving the GumCart
